Disaster Plan

In the event of a disaster, children will be returned to:

1. their homes
2. emergency contacts that you have designated
3. remain at school until picked up by parents or other designated persons listed below.

If conditions will not permit this plan, they will be taken to other group facilities as necessary and as directed by law enforcement agencies.

In no case will children be left at home or at emergency contact locations without adult supervision. Staff members will remain with the children as long as necessary.

Because an up-to-date emergency phone and address is of utmost importance in case of disaster, please be sure that the information on file at the school is correct.

PLEASE CHECK YOUR EMERGENCY NUMBERS WITH YOUR CHILD'S TEACHER !

No child will be released to anyone other than an authorized adult. Should you be unable to come for your child, we have provided a form on which may designate several others who will be responsible for taking your child. This form will be attached to the emergency information already on file. Again, no child will be released to anyone whose name is not on the emergency card. Thank you for your support and cooperation.

Student Name _____ Teacher _____

You are authorized to release my child to any of the following in the event of an extreme emergency.

1. _____ 4. _____

2. _____ 5. _____

3. _____ 6. _____

Parent signature _____ Date _____
